Ebook File Details:

Review: Earl Gately does a remarkable job of writing a book for students who know nothing about music notation and playing the double bass (i.e., fretless, upright bass). Hes condensed music notation down to the bare minimum--almost an outline. If you know nothing about reading music notation, youd better make sure you read and understand every single word...

Description: At last, here is a method book for the upright string bass or dog house bass as it is affectionately known in bluegrass circles. Although bluegrass bass has a style of its own, the knowledge gained through this method is applicable to virtually any musical genre. This book addresses the elements of tuning, hand positions, essential chord theory, slap...
